

Majestic crescent moon

Scorch marks round its grin
Majestic crescent moon
Majestic crescent moon
Majestic crescent
Majestic crescent
Majestic crescent moon
Dissolving in the dawn sky
Bursting out to be seen
Rolling round the joint
Shaking in his stalls
Such a loony
A loony tune
I love you baby
Let's eat in June
Majestic crescent moon
Majestic crescent moon
Majestic crescent
Majestic crescent
Majestic crescent moon
Consuming his own moorings
Ripping at them frames
Getting in a real state
Albion's dancing flames
You joy
You boulder
You celestial cad
Shimmering Silver Astounder
Majestic crescent moon
Majestic crescent moon
Majestic crescent
Majestic crescent
Majestic crescent moon
Bring me vacant love
Not more damaged goods
Give cupid a shove
Hissing from frail hearts blood
Majestic crescent moon
Majestic crescent moon
Majestic crescent
Majestic crescent
Majestic crescent moon
I'm watching you lighting up the trees
Like a muscle writhing in the clouds
I can hear your laughter in the breeze
As the flowers and else bows
Majestic crescent moon
Majestic crescent moon

Majestic crescent
Majestic crescent
Majestic crescent moon
She is burnt gold
She is elder fair
A glowing giant soul
Planet teddy bear
Majestic crescent moon
Majestic crescent moon
Majestic crescent
Majestic crescent
Majestic crescent moon
Ghost world
Little rose
Laughing embers
Children's toes

Flying in silence
Out there humming like a mad rod
What need begot thee
Are you the bolt hole of
A lost God?

Majestic crescent moon
Majestic crescent moon
Majestic crescent
Majestic crescent
Majestic crescent moon
Majestic crescent moon
Majestic crescent moon
Majestic crescent
Majestic crescent
You moon You !
