

My Sultry Edifice

Her love is seething and alarming
I want her with every single thought
Take me to the far reaches of your heart
In your sweet web of magic, baby I'm caught.

Chic as a cold blooded killer
As neat as a surgeon with OCD
I beat my chest like a gorilla
When I feel her eyes are on me.

She is lethal yet silent
Yet administers chaos
With deft precision
Her charisma never has a day off.

She moves with the world
The world moves around her
My Sultry Edifice
My Sultry Edifice
My Sultry Edifice
I can feel your soul purr.

She's like an asbestos God
Burns me to hell
Meek as an assassin
Holding me under her spell.
